

EDITOR'S PREFACE

In this issue, five original papers selected from *International Conference on Biotechnology 2012 (ICB 2012)* were presented. This international conference whose theme was 'Biotechnology-Bringing Biodiversity to Industry', was organized by Research Center for Biotechnology, The Indonesian Institute of Sciences on 13–14 November 2012 in Bogor, Indonesia. The Conference had been participated by 195 guests and participants from Indonesia, Malaysia, Vietnam, Japan, and Australia. Among them, 22 were contributed in oral presentation and 52 were in poster presentation. From the parallel oral and poster presentation, seven papers were selected and peer reviewed for this journal.
